

# 2022 Fall Foliage Tour GPS Coordinates and Google Map Links

This document provides GPS Coordinates, Google Map links and where available street addresses for all the stops on the Fall Foliage Tour. For the Fall Foliage Tour, the use of a GPS Navigator System, such as Garmin or the Google Map App on a smart phone, is strongly recommended for traveling to the different stops on the tour. If you use Google Maps, you will want to download maps on your phone for Maine, New Hampshire or Vermont. This will ensure your ability to navigate when cell service is not available. Lack of cell service is common in National Parks and rural areas on our tour.

## **GPS Coordinates:**

The GPS Coordinates may be used with a GPS Navigator System such as Garmin GPS Navigator System. The coordinates may also be entered into Google Maps.

Example on How to Enter GPS Coordinates in a Garmin:

1. Select Where To? > Categories > Coordinates.
2. If necessary, select and change the coordinate format or datum.
3. Enter the latitude and longitude coordinates.
4. Select View on Map.

## **Google Map Link:**

The easiest way to use the Google Map link is to load this PDF file with the links onto your smart phone. You may tap the Google Map link in this document which will launch the Google Map App and include the location in the link. You can navigate as usual. A copy of this document is on the TrailManor TrailBlazers website, <http://tmtrailblazers.org/> in the Rally Schedule section and is included with the New England Fall Foliage Itineraries. You may download this document onto your phone from the website or from the email that this document was sent. Using the Google map links from a document works on Android smart phone and iPhones.

**Important Driving Directions and Info for Terrace Pines Campground:** If you are using a GPS, after Ossipee Center, when you turn from Moultonville Road to Valley Road, your GPS may say “in 2.x miles navigate off road.” This is OK because the “off road” is the campground road. Also, Valley Road changes from a paved to a dirt road after approx. 1.5 miles.

At the campground entrance, there are two roads. You will want to turn on the road to the left. You will see a Tennis/Basketball court on the left road. The office is a short distance on your right. Your GPS may try to send you up the road to right but do NOT follow the GPS directions. The road to the right is a DEAD END
